### 关于红宝石你需要知道这些

作为有色宝石中常见的一种，红宝石却一直属于珍贵宝石，有着“宝石之王”的尊称。同时，它也有着深入人心的象征意义：激情、爱、勇气、繁荣和伟大。在《圣经》中，红宝石是镶嵌在亚伦法衣上的第四颗宝石，象征犹太部落和后来的以色列国，代表永世尊荣。

从物理角度而言，红宝石是指颜色呈红色的刚玉，属于刚玉族矿物，三方晶系。它的英文名称为“Ruby”，源自于拉丁文“Rubeus”，意为“红色”。红宝石的主要成分是氧化铝，而它令人着迷的色彩则来自于其中的铬元素，含量一般在0.1至3%，最高可达到4%，由于其鲜红如血一般的色彩，也被人们称之为“鸽血红”，价格也格外高昂。

红宝石的主要产地有：缅甸、泰国、莫桑比克、斯里兰卡、坦桑尼亚、越南、新疆、云南、重庆、青海等。由于产地的不同，红宝石的质量也会有所不同，而红宝石的价值主要取决于其颜色、透明度、净度、切工以及重量。

### 它与王室、名人们的不解之缘

在所有红色系宝石中，人们唯独对红宝石拥有独特的情感，这与它背后的故事想必是密不可分的。红宝石与王室名流的渊源更是深远，并被我们一代代传颂下来，也为它增添了独特的魅力。王室对于红宝石的喜爱最早可追溯到古印度，相传16世纪时，莫卧儿帝国的王公贵族便开始用红宝石装点配饰与器物。

欧洲王室对于红宝石的追捧更是狂热，法兰西第一帝国的皇帝拿破仑便为自己的第二任妻子玛丽·路易斯皇后打造了包括冠冕在内的一整套红宝石珠宝。在俄国鼎盛时期，沙皇的珠宝库拥有着价值连城的奢华珠宝收藏，甚至连大英帝国都望尘莫及，这其中就有数不尽的红宝石。英国女王伊丽莎白二世在婚礼时收到的一顶由96颗名贵的缅甸红宝石打造而成的王冠更是她挚爱的珠宝之一。

另外，红宝石与明星的故事更是数不胜数。传奇女星伊丽莎白·泰勒对于珠宝的喜爱想必众所周知，她的挚爱理查德·伯顿便曾对她说过这样一句话：“总有一天，我会为你找到世上最完美的红宝石。”

## 入门级选择·这些红色系珠宝值得你拥有

### 石榴石

一提到石榴石，很多人脑海里第一个会想到的是石榴石手串，其实石榴石在珠宝中的运用远不止如此。石榴石的晶体与石榴籽的形状、颜色十分相似，并且它的晶体饱满，有着湿润的油脂光泽和鲜润晶莹的颜色，因而在珠宝中也为我们呈现出截然不同的风格。在价格上，石榴石通常较为平价，但结合了品牌与设计因素，时而也会达到不菲的价格。红色是石榴石中最常见的颜色，由于其元素含量的不同，石榴石也拥有着庞大的家族，几乎涵盖了整个光谱的颜色。同时，石榴石也有着“爱情石”的美誉，是情人间互表衷肠的绝佳礼物。

### 红玉髓

红玉髓是许多大牌入门级珠宝常用的宝石原料，它的颜色鲜艳动人，价格也亲民许多。玉髓属于含水石英的隐形晶体，通透感极强，而红玉髓的致色成分则是氧化铁，一般呈深红色、褐红色。红玉髓质感温润，有着独特的光泽，因而也能够很好地凸显女性优雅、妩媚的气质。另外，红玉髓是一种宗教色彩浓郁的宝石，受到许多文化人士的珍藏与喜爱。

### 红玛瑙

玛瑙也是佛教七宝之一，自古以来一直被当做辟邪物、护身符，象征友善的爱心和希望。玛瑙是玉髓类矿物的一种，因而很容易被人们与玉髓混为一谈，玛瑙中经常混有蛋白石和隐晶质石英，所以呈现出纹带状。作为中国历史悠久的宝石之一，红玛瑙由于其独特的质感，带有浓浓的中式风格，在西方珠宝中较为少见。随着国潮的愈演愈烈，红玛瑙珠宝也将成为时下新的珠宝流行趋势，是中国女性们必不可少的点缀配饰。

## Casellati, shopping in gioielleria

••• La presidente del Senato Elisabetta Casellati ieri ha fatto shopping in piazza del Parlamento. Ma non proprio in un negozio alla portata di tutti. L'esponente di Forza Italia ieri mattina è entrata nella gioielleria «Beccacece gioielli» in piazza del Parlamento 35, uno dei più lussuosi della capitale. Un negozio che tra i marchi venduti ha anche Buccellati. La presidente del Senato è rimasta all'interno oltre un'ora scegliendo tra i gioielli mentre all'esterno «sorvegliava» sui suoi acquisti la scorta. E all'esterno si è formata una piccola folla di curiosi che sono stati tenuti comunque a distanza dagli agenti che le sono stati assegnati per la sicurezza.

# Couture punk à la Dior

**Per la collezione uomo della maison di Lvmh, Kim Jones rende omaggio al designer-artista inglese Judy Blame ma anche al lavoro di Marc Bohan per la griffe. Unendo archivi dei 50s e cultura underground londinese**

**U**n corridoio di vetro incorniciato di metallo. Nubi e vapore immacolato che cambiano colore vestendosi di cromie strillate, di blu elettrico o di arancio vitamina. Come in un club underground della Londra 80s a ricreare un momento speciale. Quello in cui un diciottenne Kim Jones, oggi al timone creativo dell'uomo di Dior, incontrava il suo mito: l'artista/designer/performer Judy Blame. «Questa collezione è un omaggio al suo mondo creativo e al suo stile personale», ha spiegato a *MFF* lo stilista poco prima dello show. «È un tributo a un personaggio che mi ha guidato e che ora mi manca tanto. A un personaggio il cui amore per la couture è stato di grande ispirazione in tutta la mia carriera». Ed è proprio la couture il secondo asset della stagione. In particolare gli archivi della griffe di Avenue Montaigne nell'era di Marc Bohan, ovvero tra 50s e 60s in un turbinio di rimandi estetici e architettonici. «Mi sono tuffato negli archivi di Dior e mi sono lasciato ispirare per creare un nuovo più classy ed elegante». In pedana niente sneakers o linee baggy. Ma un tailoring scolpito sulla figura, una paletta materica da atelier e un gran finale lussuoso: una cappa che ha richiesto 900 ore di lavorazione per essere ricamata. IL FINALE DELLO SHOW DIOR AUTUNNO-INVERNO 2020/21

## Burberry, show in Cina per la fall 2020

**Burberry** sfilerà con la fall-winter 2020 a Shanghai giovedì 23 aprile. La maison del lusso britannica segue le scelte di griffe come **Dior**, **Valentino** e **Prada**, che nell'ultimo anno hanno deciso di tenere il loro défilé nell'ex Celeste impero. La collezione per l'autunno-inverno 2020 sarà presentata a Londra lunedì 17 febbraio, durante la fashion week donna, prima di volare a Shanghai in primavera. In precedenza, la label disegnata da **Riccardo Tisci** ha ospitato una mostra olografica nel 2011 per l'apertura del suo flagship store di Pechino e un altro runway nel 2014 per l'opening dello Shanghai Kerry center. Tuttavia, questa è la prima volta che il marchio sceglie di presentare una collezione completa in Cina con nuovi look creati interamente pensando ai consumatori locali. (riproduzione riservata)

## Ultimo défilé alta moda per Gaultier

«Il 22 gennaio 2020 festeggerò il mio 50° anniversario nella moda con una grande sfilata haute couture al Théâtre du Chatelet. Sarà il mio ultimo show». È questo l'annuncio pubblicato da **Jean-Paul Gaultier** sul suo profilo Twitter. Al tweet, il designer ha aggiunto un video in cui lui stesso dà la notizia al telefono. «Ma state tranquilli, l'haute couture continuerà con un nuovo concept, di cui sono io stesso l'ideatore e che sarà presto rivelato», ha aggiunto. La sfilata del 22 gennaio celebrerà mezzo secolo di carriera in grande, con più di 200 look (vedere *MFF* del 14 gennaio). Gaultier nel 2014 ha chiuso il ready to wear, ma ha proseguito a sfilar con l'alta moda. La settimana prossima si chiuderà anche questo capitolo, almeno nella sua forma tradizionale. # Buc cellati BuBu collection tribute to the Chinese New Year

The mouse is in shiny silver, captivating and friendly, an ideal gift for all children who will be born in 2020

The Chinese New Year is celebrated on Saturday 25 January 2020, the date of the beginning of the year of the Mouse, the first sign of the Chinese Zodiac.

An important moment, also told by Buccellati through a new protagonist of the BuBu collection.

Even the famous jewelry brand wanted to reinterpret one of the symbols of the oriental tradition: the mouse, always considered – with the red and gold colors – to be a good omen.

The mouse is in shiny silver, captivating and friendly, an ideal gift for all children who will be born in 2020 with the hope that they will grow with the best and most rosy wishes.

## THE BUBU COLLECTION

**VIDEO** The BuBu collection was designed for children in swaddling clothes, rather for their parents, friends and relatives. It is a silver line that includes objects to give to those who have just had a family birth: frames, earrings, pendants, glasses and cutlery. All thought for the newborn and played on the figure of BuBu, the bear that makes children smile, a symbol of light-heartedness and joy. All objects are available in the silver version or with blue and pink sapphires in the center of BuBu's tummy.

Chopard Haute Couture , famous for its creative genius, also boasts an authentic talent for highlighting the most extraordinary stones. In conjunction with Paris Haute Couture Week, the Maison based in Place Vendôme presents the latest jewels resulting from its search for perfection: an unprecedented assortment of precious stones of extraordinary purity that immediately caught the attention of Caroline Scheufele, great expert and creative soul of the Maison. It is the first time that Chopard has exhibited such a large number of jewels of this quality.

## The age of adulthood has come for Haute Joaillerie Chopard

Celebrated for its savoir-faire and uncontrollable creativity, Haute Joaillerie Chopard is dedicated to exceptional stones. His workshops, born at the behest of the Co-President and Artistic Director Caroline Scheufele over twenty years ago, have experienced an extraordinary development over time. By grouping over thirty trades in the sector under one roof, Chopard has dedicated itself constantly to enriching its vast savoir-faire.

**VIDEO** The life of these workshops has been marked by important moments such as the Red Carpet and Animal World collections, but also Garden of Kalahari, a complete set designed from a 342 carat rough diamond of extraordinary purity; however, it is the first time that the Maison has simultaneously presented such a large number of stones of similar rarity. A decisive phase that marks the achievement of the age of maturity for Haute Joaillerie Chopard and that demonstrates how the Maison knows how to marry the refinement of its savoir-faire and the choice of noble materials with skill.

## VIDEO A garden of stones collected in the bowels of the Earth

Caroline Scheufele, passionate about precious stones and aware of the sacredness of our mother Earth, has assembled a collection of gems from the four corners of the globe. Among these, some very rare specimens of precious stones par excellence: an unheated 21.04 carat sapphire, a drop-cut pigeon blood-colored ruby also unheated and a series of Colombian emeralds, the largest of which even 61.79 carats. The latter crown a diamond necklace paired with a pair of earrings with two 32.16 and 39.80 carat emeralds. All these stones have an extraordinarily reduced number of inclusions, considering their size.

The diamond, the precious stone par excellence, reigns majestically on this collection, as shown by the pair of pendant earrings composed of four D-Flawless and D-Internally Flawless grade diamonds, all of the IIA type – the highest level of purity , guaranteed by the absence of nitrogen and bora in the stones. This stone is also celebrated in an assembly of colored diamonds, which are also in great demand: according to the well-known research center Gemological Institute of America (GIA), only one diamond out of 10,000 found in nature is considered a colored diamond. Finding these stones of the highest quality required a long search by Caroline Scheufele, who presents a fancy dark gray greenish yellow diamond – called “chameleon” for its peculiarity of changing color according to exposure to light or a source of heat – and fancy yellow and fancy pink diamonds mounted on solitaire rings and on earrings. At the center of this series of colored diamonds, there is a 33.26 carat emerald cut fancy vivid yellow, presented without a frame together with the diamond necklace design that will soon embellish it, as well as a pair of yellow gold earrings with four diamonds fancy yellow from 7 to 18.6 carats, drop cut.

In addition, the fine stones were selected for their quality and for the magnetism of their color, such as a 26.44 carat black cabochon opal with deep blue and green reflections and a 34.63 carat Paraiba tourmaline whose natural turquoise color will sparkle a beautiful necklace.

*Chopard*

## The essence at the service of beauty

To pay homage to these gifts of nature, the Chopard laboratories have used all their know-how to create creations with an essential design and allow the stones to express their intrinsic beauty. In the opinion of Caroline Scheufele, the vocation of the jeweler's job is all here: to reveal the natural shine of the gems, without unnecessary ornaments or unnecessary blooms. The result are stones set on solitaire rings, sometimes delicately embellished with a micro-setting or two other stones on the sides, or set on pendant earrings. Nothing else is needed

ПРЕДСТАВИТЕЛЬ ТРЕТЬЕГО ПОКОЛЕНИЯ СЕМЬИ БУЧЧЕЛЛАТИ РАССКАЗЫВАЕТ ОБ ИТАЛЬЯНСКИХ ТРАДИЦИЯХ, ЭФФЕКТЕ МГНОВЕННОГО УЗНАВАНИЯ И О ТОМ, КАК ПРАВИЛЬНО ЗАКЛЮЧАТЬ КОНТРАКТЫ С ПРИЦЕЛОМ НА БУДУЩЕЕ.

## Лука Буччеллати

Директор по работе с VIP-клиентами Buccellati

### О венковом юбилее бренда

«Ваши любимые моменты из истории Дома?» – в этом году это главный вопрос, который мне задают. Я отвечаю на него предельно честно: лучшее, что случилось с нами за эти сто лет, – то, что мы до сих пор здесь. Дело моего прадедушки процветает. Мы продолжаем работать и удивлять наших клиентов, мы до сих пор вовлечены в процесс. Зайдя в бутик Buccellati, вы можете встретить меня, и я с радостью покажу вам руку. Любой итальянец согласится со мной, что важно сохранять традиции в семейном бизнесе.

### О традициях

Продолжая разговор о традициях, необходимо объяснить ценообразование наших изделий. Мой прадед ценил ручную работу, и это одна из традиций, которые мы передаем из поколения в поколение. Некоторые изделия полностью изготавливаются вручную, и на это может уйти целый год. Техники

гравировки, которые использовал мой дед, мы применяем до сих пор. Мы ищем необычные и редкие камни. Кто угодно может найти трехкратный бриллиант, но чтобы найти правильный танзанит, нужно постараться. Конечно, я слежу за конкурентами и не могу не отметить, что ювелирно-часовые Дома часто жертвуют своей ДНК в угоду трендам. Это логично с точки зрения продаж и привлечения новых клиентов, но совершенно необъяснимо с позиции индивидуальности. Вы узнаете Buccellati с первого взгляда. Именно этот эффект я считаю самым труднодостижимым.

### О бизнесе

Наши отличительные черты – это в том числе ноу-хау, которые были разработаны представителями семьи Буччеллати. Два года назад мы продали мажоритарную долю компании китайским партнерам *Gangtai Group Corporation Limited* (на момент подготовки номера бренда Buccellati был полностью выкуплен швейцарским ювелирно-часовым холдингом *Richtmont – Esquire*). Когда мы составляли контракт, внесли пункт, что абсолютно все наши изделия в течение минимум двухсот лет будут создаваться исключительно вручную, а производство останется в Милане. У многих есть право писать на своих изделиях *Made in Italy*, у нас есть право писать *Made in Milan*.

### О ремесле

Наше ателье способно изготовить максимум 100–150 изделий в месяц. С одной стороны, это делает нас эксклюзивными, с другой – я часто сталкиваюсь с ситуацией, когда спрос на Buccellati превышает предложение, вернее, наши производственные возможности. Я ищу мастеров-ювелиров годами, мне нужны люди, которые понимают и любят ремесло. Вы не представляете себе, как тяжело найти таких профессионалов. Нам ничего не оставалось, как открыть школу мастерства Buccellati. Мы принимаем студентов 18–20 лет и в течение пяти лет обучаем их всему, что знаем сами, раскрываем секреты наших особенных техник гравировки (они так и называются *Buccellati engraving*) и закрепки камней (она так и называется *Buccellati setting*).

### О том, как выбрать ювелирное украшение

Если вы пришли в наш бутик в поисках подарка для любимой, я советую обратить внимание на изделия из коллекции *Ramage* – ее дизайн был создан моим прадедом в начале прошлого века и с тех пор не менялся. Это квинтэссенция Buccellati, при этом ее легко носить: с джинсами и белой майкой или с шикарным вечерним платьем – *Ramage* будет выглядеть восхитительно, как и ваша подруга. ■

## САПФИРЫ КАК ПОД МИКРОСКОПОМ

Как в любой каллиграфии, узоры ритмично повторяют силуэты друг друга. Тонкое кружево Buccellati — визитная карточка бренда, по истине ювелирная работа, выполненная словно под микроскопом, настолько мелкие детали присутствуют в каждом украшении. Розовые и голубые сапфиры усекают скобы из белого золота с бриллиантами. Плавные линии — стилистическая особенность, которая делает это колье уникальным и особенно ярким. Отличительные признаки гравюры, контраст оттенков золота и камней — все это является принципом Buccellati и характеризует поистине царское украшение, которое отлично подойдет к округлому вырезу.

## СОВЕРШЕНСТВО

Змея, которую не стоит бояться, наоборот, она придаст уверенности в себе и сделает вас неотразимой. Легендарный мотив реализовал бренд Bulgari в колье Serpenti. Украшение выглядит очень элегантно и минималистично, благодаря чему подойдет почти к любому наряду. Даже издалека можно разглядеть совершенство и безупречную красоту изделия. Но красота его владелицы затмит даже этот шедевр.

## СНЕЖНАЯ КОРОЛЕВА

Мир Mikimoto, наполнен величием ушедших эпох, цветущими садами и великолепными созданиями. Бриллианты, сложенные будто в зимний воротник, окутывают белоснежные жемчужины. Плетение выполнено благодаря запатентованной японской технике крепления, отдавая дань мудрости и опыта предшественников. Колье Jardin Mysterieux Akoya посвящено флоре и фауне, застывшим в драгоценных камнях. Украшение идеально подойдет для вечернего образа с открытыми плечами.

### Buccellati

La dentelle d'or et de diamants n'a pas de secret pour Buccellati, qui exprime tout son talent dans un large collier ajouré aux formes aériennes. Au travail de nid d'abeille du métal s'ajoute l'effet de tulle formé par les fines lamelles d'or jaune rayonnantes, tandis que chaque motif est souligné d'une ligne de diamants sertis d'or blanc. Dans ce collier inspiré par la beauté de la nature et des feuilles de chêne, Buccellati se livre à un exercice de style, associant la souplesse des tissus à l'excellence de la haute joaillerie. La délicatesse des détails rappelle combien la Renaissance italienne et ses orfèvres de génie continuent d'inspirer l'œuvre de Buccellati, qui imprègne de son histoire l'extrême modernité de ses pièces. Chaque bijou, même très contemporain, semble extrait d'un tableau de Botticelli.

### Graff

Le collier Graff en or blanc serti de diamants blancs entoure le cou d'une élégante décoration végétale ouverte sur le décolleté. Les feuilles ajourées ourlées de diamants se superposent, réduisant leur taille au fur et à mesure qu'elles se rapprochent du dos. Le collier articulé s'ouvre grâce à une charnière positionnée à l'arrière du bijou, ce qui facilite sa mise en place. Composé de diamants blancs de différentes tailles et poids, poire, rond et marquise, il mélange les formes de pierres pour dessiner d'élegants motifs. Les diamants ronds soulignent le dessin des feuilles, les marquises serties à l'extérieur de l'enfilade végétale apportent un peu de fantaisie à l'ensemble, comme des fleurs indomptables échappées du bouquet.

Les poires habillent l'intérieur des feuilles, ou prolongent en gouttes le mouvement du collier.

**JANUARY 17, 2020**

Bellevue, Switzerland—Luxury conglomerate Richemont saw sales top \$4 billion in the third quarter, fueled by strong demand for Cartier, Van Cleef and Buccellati jewelry.

The Swiss luxury conglomerate reported Friday that sales between October and December totaled €4.16 billion (\$4.61 billion), up 6 percent (4 percent on a constant-exchange-rate basis) over Q3 2018.

Sales of jewelry were up 9 percent (6 percent at constant exchange rates) year-over-year to €2.16 billion (\$2.4 billion).

Richemont said jewelry sold well across all collections and in all regions except Japan, noting "the performance of Cartier, Van Cleef & Arpels and Buccellati was particularly noteworthy given the negative impact of Hong Kong," where unrest continued to disrupt commerce.

The watch division, which is comprised of eight brands including Jaeger-LeCoultre, IWC and Baume & Mercier, saw sales tick up 4 percent (2 percent at constant exchange rates) to €818 million (\$908 million).

Richemont characterized it as modest growth that was noteworthy given the situation in Hong Kong.

The company said it made more watch sales at its own boutiques than through retail accounts, a trend that stretched across divisions with retail—both brick-and-mortar and online (Richemont owns Net-a-Porter, Mr. Porter, YOOX and The Outnet)—up 8 percent (5 percent at constant exchange rates).

Wholesale sales, meanwhile, were up just 2 percent (flat at constant exchange rates).

Region-wise, Richemont said it experienced growth worldwide, even in Asia-Pacific.

Double-digit gains in China and Korea balanced out the "severe sales contraction" in Hong Kong.

Sales in the Americas increased 9 percent (5 percent at constant exchange rates), with a solid performance in the United States offsetting declines in other markets.

Year-to-date, Richemont's sales are up 8 percent (5 percent at constant exchange rates) year-over-year to €11.56 billion (\$12.83 billion).
